

Title: Leading the Way in Smartboard Technology: EWIS Smartboard

In the ever-evolving landscape of technology, innovation often leads the way, and at EWIS, innovation is at the heart of everything we do. We're proud to introduce the EWIS Smartboard, a revolutionary addition to the world of interactive technology. But what sets us apart? Let's delve into the journey of how we became pioneers in Smartboard technology in Sri Lanka.

A Trailblazing Introduction

EWIS proudly bears the distinction of pioneering the introduction of Smartboards to Sri Lanka. Our journey commenced with a visionary mission: to revolutionize the interaction between people and technology within government educational institutions, public offices, and private organizations. Today, we stand as a beacon of innovation, having seamlessly integrated Smartboards into numerous esteemed Sri Lankan government and private offices, an array of schools, and numerous private educational institutions.

Comprehensive Training and Unbeatable Customer Service

At EWIS, our commitment to our customers goes beyond providing cutting-edge technology. We recognize that many organizations and schools may not fully harness the capabilities of Smartboards due to a lack of proper training from their suppliers. That's where we differentiate ourselves.

We provide comprehensive training to all our customers, ensuring that they maximize the potential of our Smartboards. It's not just about having the latest technology; it's about knowing how to use it effectively. Our dedication to customer service is second to none. We stand by you, ready to assist and support whenever you need it.

Product Highlights

Our EWIS Smartboard boasts a 65" display with the latest Android 12 OS. Here are some of its remarkable features:

- ✓ Equipped with a 4K UHD display, supporting full-channel 4K UI display.
- ✓ Capability to display multiple application screens simultaneously.
- ✓ Quick access to whiteboard recording with a pull-up feature.
- ✓ Bluetooth 5.0 with Dual Band wireless option.
- ✓ Multiple connectivity options with 3 sets of dual-channel USB ports, High-Definition HDMI/Touch/Full-functional Type C port.
- ✓ Zero Bonding Technology for seamless touch interaction (optional).
- ✓ Support for 20 to 40 points of touch with fine writing precision.
- ✓ Bring Your Own Device (BYOD) Wireless Mirroring for enhanced collaboration.

Powerful Performance

Under the hood, the EWIS Smartboard is equipped with robust hardware:

- ✓ CPU: Octa Core ARM Cortex A55 1.9GHz
- ✓ GPU: Mali-G52 MP2(2EE)
- ✓ RAM: 4GB
- ✓ ROM: 32GB
- ✓ **Front Ports & Function**
USB 3.0 x 3, HDMI 2.0 x 1, USB Touch x 1, Type-C x 1, Power ON/OFF Button
- ✓ **Back Input Ports**
RJ45 x 1, HDMI 2.0 x 2, RS232 x 1, USB 3.0 x 1, Audio IN x 1, DP IN x 1, MIC IN x 1, TF-Card x 1, USB 2.0 x 1
- ✓ **Back Output Ports**
Earphone x 1, HDMI OUT x 1, RJ45 OUT x 1, Coaxial (RCA) x 1, Touch Out x 1

Our Smartboard isn't just a piece of technology; it's a gateway to interactive, engaging, and effective learning and collaboration. As we continue to lead the way in Smartboard technology, we invite you to experience the future of interactive education and communication with EWIS Smartboard.

Join us on this journey of innovation, where we make technology work for you, empowering you to achieve more, communicate better, and lead with confidence.
